25 May 2017 . These days, for shooting Formula One car races, you'd probably choose a fast-focusing, high frame-rate camera such as the Nikon D5 or Canon 1DX — if you had the budget for it — because F1 cars are fast and crazy. But that's not what this photographer did; he decided to step back 100 years and break.

23 May 2017 . In a sport known for cars that top out over 230 mph, it's hard to catch one on a modern smartphone camera without it being a blur. But one photographer lugs a seven-pound camera that's over 100 years old around Formula One circuits, all to shoot with its two “slow' and 'kind of slow' shutter speeds.”
