Protect yourself against cold and flu viruses with these virus-busting tips from Alvin Haynes, MD, of the Regional Medical Center of San Jose in California.

Who's Who... . One thing students struggle with when they start hospitals is knowing who's who. Firstly, each hospital has its own student co-ordinator who you'll get to know very well from the beginning. With regard to the doctors, in each team there will be at least one intern (bottom of the pile...just finished final year),.

Many hospitals have sharply reduced their infection rate. Use our Ratings to find out whether the hospital you're considering is one of them. Also use the Ratings to see how other patients described their experience: Did the doctors and nurses communicate well, was pain well controlled, were the rooms quiet and clean?
