31 Oct 2015 . CoolTools has a list of the top 50 most popular factual podcasts in 2015. It's an interesting list although I get .. Here's the review in The Wall Street Journal. Boo. posted by Michael Wade @ 8:12 AM ... Sharks are old: there were sharks in the ocean before the dinosaurs. And the reason there are still sharks.

Even though I once liked xkcd, the last few years I think it's really gone down. This is an attempt to see wether the rest of the world thinks the same. The results gathered here will tell everybody what xkcds are the better ones. It would then be possible to make some totally pointless graphs of the quality of xkcd over time.
